Mrs. Darwin and Committee of Women Visit Stores Restaurants and Dairies.

Mrs. Elizabeth Darwin, of the state pure food commission, who has been in El Paso visiting Mrs. W. L. Foxworth, began her inspection of the food supply of El Paso today. Mrs. Darwin will inspect the local stores resinurants and markets in the starons.

Mrs. Darwin and a committee from the El Preo Woman's dub, by whose request she is making the inspection, will meet at the city hall every morning at 5:28 oclock to inspect the markets and in the afternoon at 1:20 to inspect the daries. Mrs. Darwin is anxious to have the housewives of the city accompany her on these visits so that they may become informed as to the sources of the food with which they supply their families.

Not to Horr But to Heip.

"The purpose of my visit to bi Paso in the interest of purer food is a co-

The purpose of my visit to El Puso in the interest of purer food is a cooperative one and not a critical one, said Mrs. Darwin. "We want the dealers of food suppling to feel that we are not here to arrangonize them, not to hart their business, but to belp them. While I have all the authority of a state officer, my work is largely educational. In the cities in which I have worked, the improvement in the methods of handling foods has been very marked. Here you have a great problem in the Mexican population and their stores, but these, too, can be helped.

bedsem in the actions, too, can be helped.

Cooperation Needed.

"The health department of your city needs more cooperation from the citizens than the citizens are giving. Most of the trouble is in the rear of the stores, where unsanthary conditions are permitted to exist. The sidewalk display of food is a big problem, for food is displayed open to all the sarm laden dust and files. All reasonably intelligent people know the mennee to health caused by files. All reasonably intelligent people know that to opening expose food to germ laden dust is unsanitary, why then do they put up with it?

"If the housekeepers demand that the food they buy shall be clean, the dealers will give them clean food. If they are content to endure germ-laden, unsanitary food, that will be continued to be supplied to them. I believe in the theory "If people knew they would do,' therefore my work is largely educational."

## **Boils and Pimples Dangerous** S. S. S. Your Remedy

Standard for Fifty Years.

Modern science has proven that boils and carbancies, pumples and unsightly skin blotches, are the danger signals of diseased blood. Scaly skin and itching of Eczema, Scrotula, rashes—all skin diseases are aggravated by bid blood—it's the infected blood that's dangerous. Don't wait for the boils. If you have pimples and blotches, take instant action. Pimples tell you that your blood is filled with impurities. You must wash out your blood, strengthen and stimulate it to healthy action with Nature's own blood tonic, S. S. S. It is the standard blood purifier of the world. Don't use any drugs, don't use ointiments and salves. S. S. S. reaches the blood, drives out the majorities. It makes healthy perspiration—the poison is literally sweated out through the skin. Boils, blotches, Lozena and the Scrofula indications disappear. It dress what salves and lotions can never do—it goes to the very root of the trouble by reaching the blood. Your akin becomes clear and you soon feel the vigor of the return of perfect health. S. S. S. is purely vegetable. You can get it it any druggest's, but you must take S. S. Let us tell you about blood diseases. Write for book of facts, "What the Mirror Tells." If yours is a long standing case, write for expert advice to S. S. Co., Atlanta, Ga.—Advertisement. Modern science has proven that boils and carbuncles, pimples and unsight-

# Reliable Expert Treatment

## **Cured Painlessly**

We use for this common ail-ment, the famous PENN INFIL-TRATION METHOD. It is the one absolutely sure cure for Piles. We have not had a single failure since we adopted this method. This statement can readily be substantiated at any time by the many patients we have cured with it. It does away with the necessity of an operation, the danger of Cautery, Ligature, Carbolic Acid Injec-tions, as well as high fees and detention from your work.

People suffering from insidious, slowly but surely progressing diseases are apt to postpone seek ing treatment from day to day, not realizing that the dangerous disease plants its roots deeper and deeper into the enfeebled system, robbing the body of its best forces.

They do not realize the seriousness of their condition, and try in vain to prevent the slowly advancing decay of their best powers by taking worthless nostrums, instead of seeking help where only help can be procured through

#### SKILLFUL TREATMENT OF CAPABLE SPECIALISTS

In the nine years of their stay in El Paso the INTERNATIONAL SPECIALISTS have proven in thousands of cases their ability to cope with even the most complicated cases.

Their eminently successful methods have restored bealth in many cases where all hope was abandoned, and their uniform success in the treatment of Chronic Diseases has secured them an enviable patronage of the best and most influential people in El Paso as well as in the southwest in gen-

Among the many diseases they treat and devote particular attention to the treatment of, are Rupture, Nervous Decline, Blood Poison, Varicocele, Enlarged Prostate, Kidney, Bladder and Rectal Diseases, and all special diseases.
